ASKS MORROW TO NAME USELESS JOBS

Resolution In State Senate Calls For Information But Ed Sides—Legislature

Frankfort, Ky., January 21—Governor Edwin P. Morrow was called upon, in a resolution offered in the Senate Tuesday by Senator Haynes Carter, a Democrat, to point out, without delay, the 314 "useless offices" he spoke of so frequently during the recent campaign.

An immediate passage of the resolution, under a suspension of rules, was urged by Senator Carter, but Senator Robert Antle, Republican objected and moved that the resolution be referred to the Committee on Executive Affairs. This was done.

When Governor Morrow was told of the resolution of Senator Carter, he said: "If the Democrats will only keep their eyes on outgoing officers they will see that all platform pledges in regard to useless offices are being kept, and that the brassed boots are getting in their deadly work. Fifteen or 20 Deputy Fire Marshals already have been removed from the payroll of the state. A number of foresters soon are to be denied the right to roam the wilds of Kentucky. Two chauffeurs license inspectors have been removed.

Senator Jacob Metzer, of Newport, introduced a bill which would amend the present election laws to keep the polls open until 6 o'clock for the accommodation of voters, and increases fees of registration officers to \$5 a day. Polls close at 4 o'clock under the present law.

Authority of the State Fair Company to bond its plant in Louisville for \$300,000 for new permanent buildings is provided for in a bill offered by Senator Newton Bright.

Owing to the deplorable condition of the Institute for Feeble Minded, due entirely, members say, to a lack of funds, the Legislature appointed a joint committee to investigate and report at once the institution's needs. Senators Harlan, Miller, Bright, Bransteiter and Burton and Representatives Huntsman, Dean, Stutie, Kauffman, Humphreys, Gossett and Thompson are to investigate.

Sensational charges were made that "children in full possession of all their mental faculties" have been transferred to the institute, and now are placed in constant contact and association with feeble-minded children, a number of whom are addicted to vicious practices."

It also is charged "that conditions of feeding and housing in the institute are not such as to promote the mental and physical welfare of its inmates."

Senator Jay Harlan, of Danville, offered measures covering a wide variety of subjects, foremost among which would make it a felony punishable by imprisonment to advocate or advise overthrow of the Government by force, or to print acts.

A bill providing for registration of motor vehicles by County Clerks rather than the State Department was offered by Senator A. A. Demun.

The routine of the House was broken by a speech by former Governor James D. Black. He commanded Speaker J. F. Bosworth for his fairness, and the House members for their evident earnestness to get down to business.

A bill offered today by Representative R. G. Bryson would define and punish criminal syndicalism.

Penalties for manufacturing, selling or transporting intoxicating liquors are provided for in a bill introduced by Representative Homer C. McLellan. The bill provides for the forfeiture of any property where whisky is made or sold from which it is transported, limits the amount to be obtained by prescription from a druggist to one pint in ten days and provides that extracts shall contain only one half of one percent alcohol.

An enabling act permitting the State Board of Health to form eight new bureaus was introduced by Representative Joseph Bazarus.

Got License In Clark

The Winchester Sun says that license to marry were granted to Willie Albert Perkins, a farmer, and Miss Bessie Anna Martin, both of Madison county, by the county clerk there.

6,000 ILL WITH FLU IN CHICAGO

(By Associated Press)

Chicago, Jan. 21—More than 6,000 persons are ill here today with influenza but the city board of health officials expressed the belief the "epidemic" is near its climax. Pneumonia also epidemic has caused a large number of deaths. During the last 24 hours new cases were reported at a rate of 100 an hour. Influenza, however, is in a mild form.

OFFICIALS SAY NO DANGER OF EPIDEMIC

(By Associated Press)

Washington, Jan. 21—State medical authorities have the influenza situation well in hand and no epidemic of the malady is expected, the public health service announced today.

NINE CHILDREN LEFT DESTITUTE

Nine little children, ranging in age from 1 to 16 years, deserted by their mother, who went to Ohio, she said, to find a place to take them, have been living alone in their home near Valley View for the past two weeks. They have been fed by neighbors but their condition became so destitute that neighbors petitioned county court here Tuesday for some action in the matter and the entire flock were brought before Judge Price Tuesday afternoon. They are the children of Mrs. Ida Cusick. Their father has been dead some time. The four youngest will be taken to the Kentucky Children's Home at Louisville. Other good homes are sought for the others, and in the meantime relatives will care for them. The children and their ages are Luther, aged 16; Nannie, aged 14; and who has cared for the little ones almost like a mother; Bart, aged 12; Grace, aged 10; Willie, aged 8; Jacob, aged 6; and twins, Carrie and Harry, aged 4; and G. T., aged one year. The case of the little ones is pitiable indeed, and but for the ministrations of kind-hearted neighbors who took them food and fuel, they might have starved or frozen to death. Nothing has been heard from their mother since she left about two weeks ago, claiming that she was going to Ohio to look for work and a place to take them. She is understood to be at Hamilton, Ohio.

DR. SOUTHWICK TO BE HERE TWO EVENINGS

The Lecture Course Committee of the Normal School was indeed fortunate when Dr. Henry Lawrence Southwick, President of Emerson College, of Boston, was secured for two evenings in Richmond. Dr. Southwick is a thorough Shakespearian scholar, and a superb elocutionist. He is more than a dramatic reader.

Only men of outstanding prominence in their respective fields of labor are considered when arranging the lecture course program at the Normal School. A small admission fee is charged. The amount of the admission charge is kept very low.

Hundreds of men and women in Richmond take advantage of the course each year and it is with pleasure that the numbers are announced to the public throughout the year by the committee. Dr. Southwick will be here Thursday and Friday nights.

Good Farm Sales In Clark

Scott and Adcock of Winchester, sold for Gordon Haggard, his farm on Muddy Creek in Clark county, about five miles from Winchester, at \$300 an acre. The place contains 50 acres and was bought by Jas. King. The Hieatt farm of 67 acres, on the Boonesboro pike, this side of Winchester, was sold by Henry & Fleenor to J. R. Rankin, of Estill county, for \$16,000. They also sold for Geo. Bentley his farm of 97 acres on the Boonesboro pike, in Clark, for \$32,000 to W. Matt Martin.

WINCHESTER LIKES OUR DR. CARPENTER

(By Associated Press)

Dr. Homer W. Carpenter delighted everyone with the splendid address he delivered at Winchester Sunday night at the opening of a drive to raise \$3,000 for the Associated Charities in the Clark county capital. The Winchester Sun said of it:

One of the most eloquent addresses ever delivered in Winchester was that of Dr. Homer Carpenter, of Richmond, on Sunday night at the annual meeting of the Associated Charities. Dr. Carpenter has a most charming platform personality, a most pleasing mellow, resonant voice, a grace and charm of manner that is fairly captivating and an expressive vocabulary unsurpassed, his choice of words being most remarkable, all of which go to make him one of the really eloquent orators of the country. His audience listened with almost breathless attention as under a spell, to the magic of his voice, and the power of his eloquence. Dr. Carpenter will always find a crowded house to greet him whenever he may come to Winchester.

NEW TERM OPENS AT NORMAL SATURDAY

Saturday morning from eight to 12 the matriculation machinery of the Eastern Kentucky State Normal School will be set in motion. While class work does not begin until Tuesday morning, every minute will be occupied Monday in taking care of the incoming students. Local students, town and county, and those remaining in Richmond over term end should make it a point to be in Roark Hall Saturday between the hours of 8 and 12 for enrollment and proper classification. Students who are unable to enroll on Saturday will be taken care of Monday and Tuesday but more time and attention can be given the individual on Saturday.

The committee, appointed by R. E. Turley to solicit rooms for the students have been doing some excellent work. Several members of the committee have not yet reported but it is thought by those in charge of the rooming situation at the Normal that a sufficient number of rooms will be found. Students will begin to reach Richmond Saturday at noon.

Methodists Agree On Union

Louisville, Jan. 21—Recommendations of the joint committee of the Methodist Episcopal Churches North and South, that the two branches again be reunited were adopted unanimously Tuesday by the convention here of the 100 or more Bishops, pastors and laymen of both churches. The merger plan provided that the unified churches be designated as the Methodist church. Both branches of the church claim a combined membership of approximately 6,000,000 persons, with about 10,000,000 persons who attend the churches, but have not become members.

Secretary Baker Says Effect Would Be To Practically Abolish War Department

(By Associated Press)

Washington, Jan. 21—The army reorganization bill today was endorsed by Secretary Baker who appeared before the Senate military subcommittee. He asserted it is a "most statesman like attempt to reorganize the army ever made by any country." It provides for compulsory military training and the formation of one big army to be divided into a citizens' reserve army, a regular army of 280,000 men, and the national guard.

While disclaiming any "personal interest, or almost none," Baker opposed the provisions making General Pershing Chief of Staff. He said the effect would be to abolish the War Department as long as Pershing is on the active list.

ARBUCKLE SELLS SOME CLASSY MULES

William Arbuckle sold 14 yearling mules, nine mares and five horses, to parties from Clay county. He received \$1,750 for the bunch. He also sold to Monte Fox, of Danville, a pair of five-year-old gray mare mules for \$562.50, and to Bob Ross, of this county a team of three-years-olds mare mules for \$400.

CONDEMNATION FOR SIMS IS URGED

(By Associated Press)

Washington, Jan. 21—A resolution declaring Acting Rear Admiral Sims in making public "officials instructions of the most private character" affecting international relations deserved the condemnation of all Americans, was introduced in the Senate today by Senator Walsh, of Massachusetts, a member of the naval committee. His request for immediate consideration was objected to by Republican Leader Lodge. He referred to Sims' recent letter asserting his instructions before leaving for Europe in 1917 were to the effect "not to let the British pull the wool over your eyes."

NO "PORK BARREL"

(By Associated Press)

Washington, Jan. 21—By unanimous vote the House public buildings committee today decided not to recommend the passage at this session of a general bill authorizing construction of new government buildings over the year by the committee.

Parker Wins In Louisiana

New Orleans, Jan. 21—John M. Parker, of New Orleans, on the face of incomplete returns was nominated for Governor at yesterday's democratic primary, at an estimated majority of 5,000 to 10,000.

Dr. J. H. Young, of Russellville, Ky., willed his library of 700 valuable volumes to Kentucky Wesleyan College, at Winchester.

NO SLUMP IN PRICES ON LOCAL BREAKS

The Richmond tobacco market gets better every day. Even though other burley breaks are reporting a slump in some grades it is very seldom that there is any let-down in prices here. All buyers agree that this is the highest market in the state. One prominent buyer, who was limited to a certain price on a certain grade by his house this week, had to leave the breaks because he simply couldn't buy what he wanted within the price limit for the others were going so far ahead of him.

Supervisor of Sales Stone Norman has furnished report of the market up to and including Friday, January 16th. His figures show:

Home Loose Leaf Tobacco Warehouse Co., 2,567,197 pounds, \$1,328,560.49.

Madison Tobacco Warehouse Co., 1,77,430 pounds, \$929,796.61.

Total 4,386,609 pounds, \$2,12,357.10.

SOCIAL AND PERSONAL

Piano Club Entertained

Miss Lillian Burnam entertained the Piano Club Monday afternoon. A full program was rendered. Each new member responded to roll call with a current event. The musical numbers were contributed by Misses Margaret Green, Mary Arnold, Leon Fife, Eula Mae Warren, Lynn Evans, Frances Mays and Lillian Burnam. At the close of the musical hour, the members enjoyed a happy social period.

Beautiful Six O'clock Dinner
Tuesday's calendar included an elaborate six o'clock dinner to which Mrs. Hattie Buchanan was hostess honoring Mrs. Leonard Quin, of Bloomington, Ill. The home was really very attractive with potted plants and a guest violinist who was served. Covers were laid for Mrs. Quin, Mrs. Walter Park, Mrs. William H. Park, Mrs. J. M. Hadley and Mrs. Paducah.

Entertained for Birthday

Miss Edna Greenleaf invited a number of her friends Monday afternoon to assist in celebrating her birthday. A beautiful decorated cake with pink candles was used in the center of the table, and a delicious ice course with candies was served by the popular little hostess. Those who gathered to enjoy the afternoon with her were: Misses Josephine Cosby, Anna Field, Dorothy Tyree, Mary Kean Shuckford and Master Caperton Burnam.

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they spread a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonics from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for

more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever.

It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder.

By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

It is said that Slau's teak forests could not be worked without the assistance of elephants, as hauling machines could not be used in the inaccessible places where teak trees grow. One elephant can handle from fifty to seventy logs in a season.

FORMER ICE PLANT MANAGER IS DEAD

News came from Miami, Florida, this morning in a night letter to Mr. and Mrs. James Deatherage of the Lexington pike, announcing the sudden death of their kinsman, Mr. W. B. Craven, who died suddenly from an attack of acute indigestion. Mr. Craven had been slightly ill of stomach trouble for several months, but was not thought by his physician to be in any danger. Less than six weeks ago he and his wife motored here from Long Beach, California, and made a visit to Mr. and Mrs. Deatherage, motoring from here to Miami, where he died. He made his home in Richmond several years being manager of the Richmond Ice Company. He was a highly cultured gentleman, and was held in the highest esteem by a host of friends here, who will deplore his passing. Mr. Craven was a nephew of the late G. W. Ballew and Rev. A. J. Tribble. Arrangements for burial had not been made, when the telegram was sent. Loving sympathy is extended by numerous friends here.

millions need PEPTO-MANGAN

**In Many Homes Better Health
Is Simply A Matter Of
Better Blood**

**Pepto-Mangan Improves Blood
Composed Of Approved Blood
Making Elements—Put Up In
Liquid And Tablet Form**

Are you tired and weak and "blue"? Do you say to yourself, "What's the use of living? What do I get out of life, dragging through this drab existence in this unhappy way?"

You don't feel well and you don't know why you have so little energy to do anything and you get all tired out before it is done. There are millions in busy America that have such feelings now and then, and they are to be pitied. But there is help. Unless some serious malady is at the bottom of their trouble, a few weeks of Pepto-Mangan will work wonderful change. Pepto-Mangan puts new vigor into the blood, and the blood is the life fluid. With plenty of rich red blood coursing through one's body one is pretty likely to feel good and vigorous and be strong and look healthy.

Go to your druggist and ask for "Gide's Pepto-Mangan." Be sure to say "Gide's." If "Gide's" is not on the package it is not Pepto-Mangan. It is put up in both liquid and tablet form. Tell the druggist which you prefer. There is no difference in medicinal value.

Income Tax Facts You Should Know

The man or woman whose income is from salary or wages has several things to consider in making out his or her income tax return. The full amount received for personal services must be returned as gross income. Direct expenses incurred in earning his compensation, however, are allowable deductions. For example a traveling man selling on commission may deduct his railroad fare and amounts paid for hire of vehicles in calling on his customers as a "business expense," but not his hotel board, which is personal or living expense.

Salaries must be reported as income for the year in which they are received, regardless of when they are earned. Thus, the man who is paid on the 5th of the month and received his salary for the month of December, 1918, or January 5, 1919, will include the amount on his return for 1919. His salary for December, 1918, which is not received until January 5, 1920, need not be included in the 1919 income, although it was entirely earned during the year.

A salary or commission credited on an account and subject to withdrawal must be included as income. Bonuses of any form or profit-sharing must be included since they are additional compensation for services. A Christmas gift or other present from an employer is not taxable.

Compensation for personal service may be paid for partly in cash, partly in board and lodging. In this event fair value must be placed upon the room and meals and the amount reported as income by the employee.

Salaries of officers and employees of a state, county or municipal government are exempt from taxation. The exemption does not extend to federal employees of the government of the District of Columbia.

Compensation for personal services paid to directors and trustees of a corporation or society which itself is exempt from taxation is taxable income to the recipients. Witnesses in lawsuits are not employees of a state, and the fees received by such witnesses are subject to taxation.

A GOOD SALE IN CLARK
The McElroy Long 151-acre farm eight miles from Winchester and on the Big Stoner pike was sold at auction by Scott and Adcock to James Munday at \$290 an acre. The sale of live stock, farm products, implements, was also a successful one. Some of the prices were very good. One pair of work mules brought \$285. Old horses brought from \$45 to \$70 a head; small cattle, \$25 to \$41 each; milk cows, \$63 to \$141 a head and chickens, \$1.15 each. Considerable fodder was sold for fifty cents a shock and corn brought \$0.80 a barrel.

CHANDLER SIX Famous For Its Marvelous Motor

Thousands Choose The Chandler Dispatch

MANY admirers of the Chandler Six choose the Chandler Dispatch. For two years this model has outsold all other cars of the so-called sport type. Its popularity is one of the high spots in motordom.

The new series Dispatch is a snappy, handsome car, seating four adults in perfect comfort. It is of most beautiful design and finish; mounted on the standard Chandler Chassis, famous for its mechanical excellence.

You are asked to pay much more for cars which might perhaps be compared with the Chandler. And cheap cars sell for but little less.

Public Auction of Fine Clark County Land

As administrators under the will of the late W. D. Thompson, we will offer for sale at

Public Auction on the Premises ON

Friday, January 30, 1920

AT 12 O'CLOCK A.M.

the home farm of the late W. D. Thompson, containing 543 72-100 acres. This farm is in Clark county, and is located 6 miles from Mt. Sterling, about 10 miles from Winchester, and 3 miles from Thompson's Station on the Chesapeake and Ohio Railroad. It lies on both sides of the Wade's Mill and Sewell's Shop turnpike. This land has been subdivided into five different tracts, each tract having a large frontage on the Wade's Mill and Sewell's Shop turnpike and each tract makes a fine farm in itself.

TRACT NO. 1—Contains 106 42-100 acres. This tract lies well, has a large frontage on the pike, affords a splendid building site, is mostly in blue grass, and has on it a large amount of fine tobacco and hemp land, and is well watered.

TRACT NO. 2—Contains 176 15-100 acres. It has a large pike frontage. Improvements consist of a nine room, two-story frame residence with two halls, large front and back porch, good cistern, smoke house, ice house, two buggy houses, stock barn, good orchard and other improvements. A portion of this land is in grass, and the balance is in a fine state of cultivation. This tract, with its improvements, makes a most desirable home.

TRACT NO. 3—Contains 86 42-100 acres. It has a large pike frontage, affords a splendid building site. A portion of this land is in blue grass.

TRACT NO. 4—Contains 94 53-7-100 acres. Has a large pike frontage, lies well, and affords a splendid building site. A portion of this land is in blue grass, and the balance is in a high state of cultivation.

TRACT NO. 5—Contains 80 19-2-100 acres. It has a large pike frontage, and lies on it a brick residence containing four rooms and kitchen, a stock barn and other outbuildings. It is practically all in blue grass and is watered by never-failing springs. This land has been sub-divided with great care, so as to make each tract a very desirable farm.

For further information prospective purchasers are invited to call on the undersigned.

A SPLENDID WOMAN GONE

Mrs. Amanda Benton departed this life on Jan. 3, 1920 at the home of her daughter, Mrs. Robert Ford of the Brassfield section. She was born, Jan. 16, 1842, was married to E. P. Benton Sept. 14, 1865, who preceeded her to the grave 13 years. Four children were born to them, two of whom survive, Mrs. Robert Ford, and Mrs. T. A. Shelton of Richmond, also two brothers, J. M. and B. E. Covington, of Chandler, Mo. Besides these relatives, she leaves several grandchildren, Carl Todd, one of whom was too far away to come to see her during her illness. He will greatly miss her as she was his foster mother from a tiny babe until the tender years of manhood. Funeral services were conducted at the Speedwell Christian church by Rev. D. H. Mathew. A large crowd was present. Among those from a distance were: Judge and Mrs. Benton and son.

Mrs. Benton will be greatly missed by the church as she was one of the four charter members living. The deceased was one of those good pious women, who made the world better for having lived for a short time in it. She was a devoted christian, one whose light was always found shining.

"She left foot prints upon the Sands of time worthy of emulation."

Long will her lie and deeds linger,

In the minds of her relatives and friends.

A FRIEND

BEND
We have had the biggest tide of the season. The lowlands of the Kentucky river were completely covered with water. There was more sediment left on the land, than has been for years. Cold, windy weather is prevailing now. Stock is wintering now.

R. P. Walters has moved to his farm recently bought of T. P. Edwards.

James D. Congleton had a valuable mule to die last week.

Ed Ellington is planning to raise six acres of tobacco and five acre of water melons. He says these are the money crops.

The Drys are singing the requiem of John Barleycorn. Some of which is being hidden away, may sing an accompaniment later on.

John H. Berry, census enumerator, for the 4th magisterial district was in the Bend finding out the numbers for Uncle Sam. He spent the night with the writer.

Speaking of Uncle Bob Oliver, who lives at Union, says he is 98 years old, can shave himself, sign his checks and walks as briskly as a man of forty.

Roy Smyth is on the sick list this week.

Jesse Dennis was visiting at West Irving last Saturday.

Thomas Webb sold to Dillard Hill a fine Jersey cow. Price was \$90.

John M. Lane of Casey county spent a few days with J. B. Synth on route to Beattyville, where he has quite an interest in the oil fields. He says Casey county bids fair to become active in production of oil. The land is being bought by capitalists paying big prices for it, preparatory to drilling for oil.

MADISON

Electric And Plumbing Company

Incorporated

is the answer to one of the needs in the development of present Richmond business opportunities. It not only comes from opportunity and necessity but presents itself to Richmond and Madison county as a real sign of progress, that kind of progress that will shortly characterize Richmond as the one live town of Ky., the home of a greater number of live and awake business enterprises as compared to any other town double her size in the Blue Grass region.

We come to Richmond and county patrons not as strangers but well known to all and as young men with worthy ambitions, and will endeavor to get your patronage strictly on our merits of value received and service rendered. We expect to render our town and county a real service, a service here-to-fore not rendered by any one nowhere do we find people more entitled to the very best than in our own midst and no place do we find a greater need nor a greater demand for the real, the new, the up to the minute necessities and conveniences of life than in Richmond and Madison county.

The Electric Shop

We expect to have for you a complete assortment of all modern electric appliances, beautiful and artistic fixtures not in catalogues but in stock where you can get full satisfaction by personal examination.

We not only give you this complete stock from which you can make your selections but you get the full benefit of our judgment of several years of practical experience in helping and assisting you.

I have made and am still making a special study of my work and intend to have in Richmond a shop second to none in our state, a shop commensurate with the demands and ideals of our people. I have a competent crew of electricians capable of any and all installations of electric requirements and we will be the known headquarter of every thing in electricity.

The 'Delco-Light'

We are the sole agents for the world's famous farm and home electric light and power plants—complete in every detail, self cranking, air cooled, ball bearing, no belts, only one place to oil, a long life battery and operates on kerosene.

The Delco-Light is the realization of an ideal in the betterment of living and working conditions in rural districts. Today 85,000 homes enjoy this miracle of modern achievement supplanting the old lamp chimney, the lantern and the candle with the bright, clear electric light. No need to endanger your barn with fire. It also solves your feeding problems at night on these short days.

This wonderful plant also furnishes power for running water for all purposes thus making possible the modern bath room on the farm. It operates the washing machine, the churn, the cream separator, the vacuum sweeper and other conveniences heretofore enjoyed only in the city home. There is a satisfied user near you, ask him. Remember if it can be done with electricity, we have it.

—FRED DAVISON

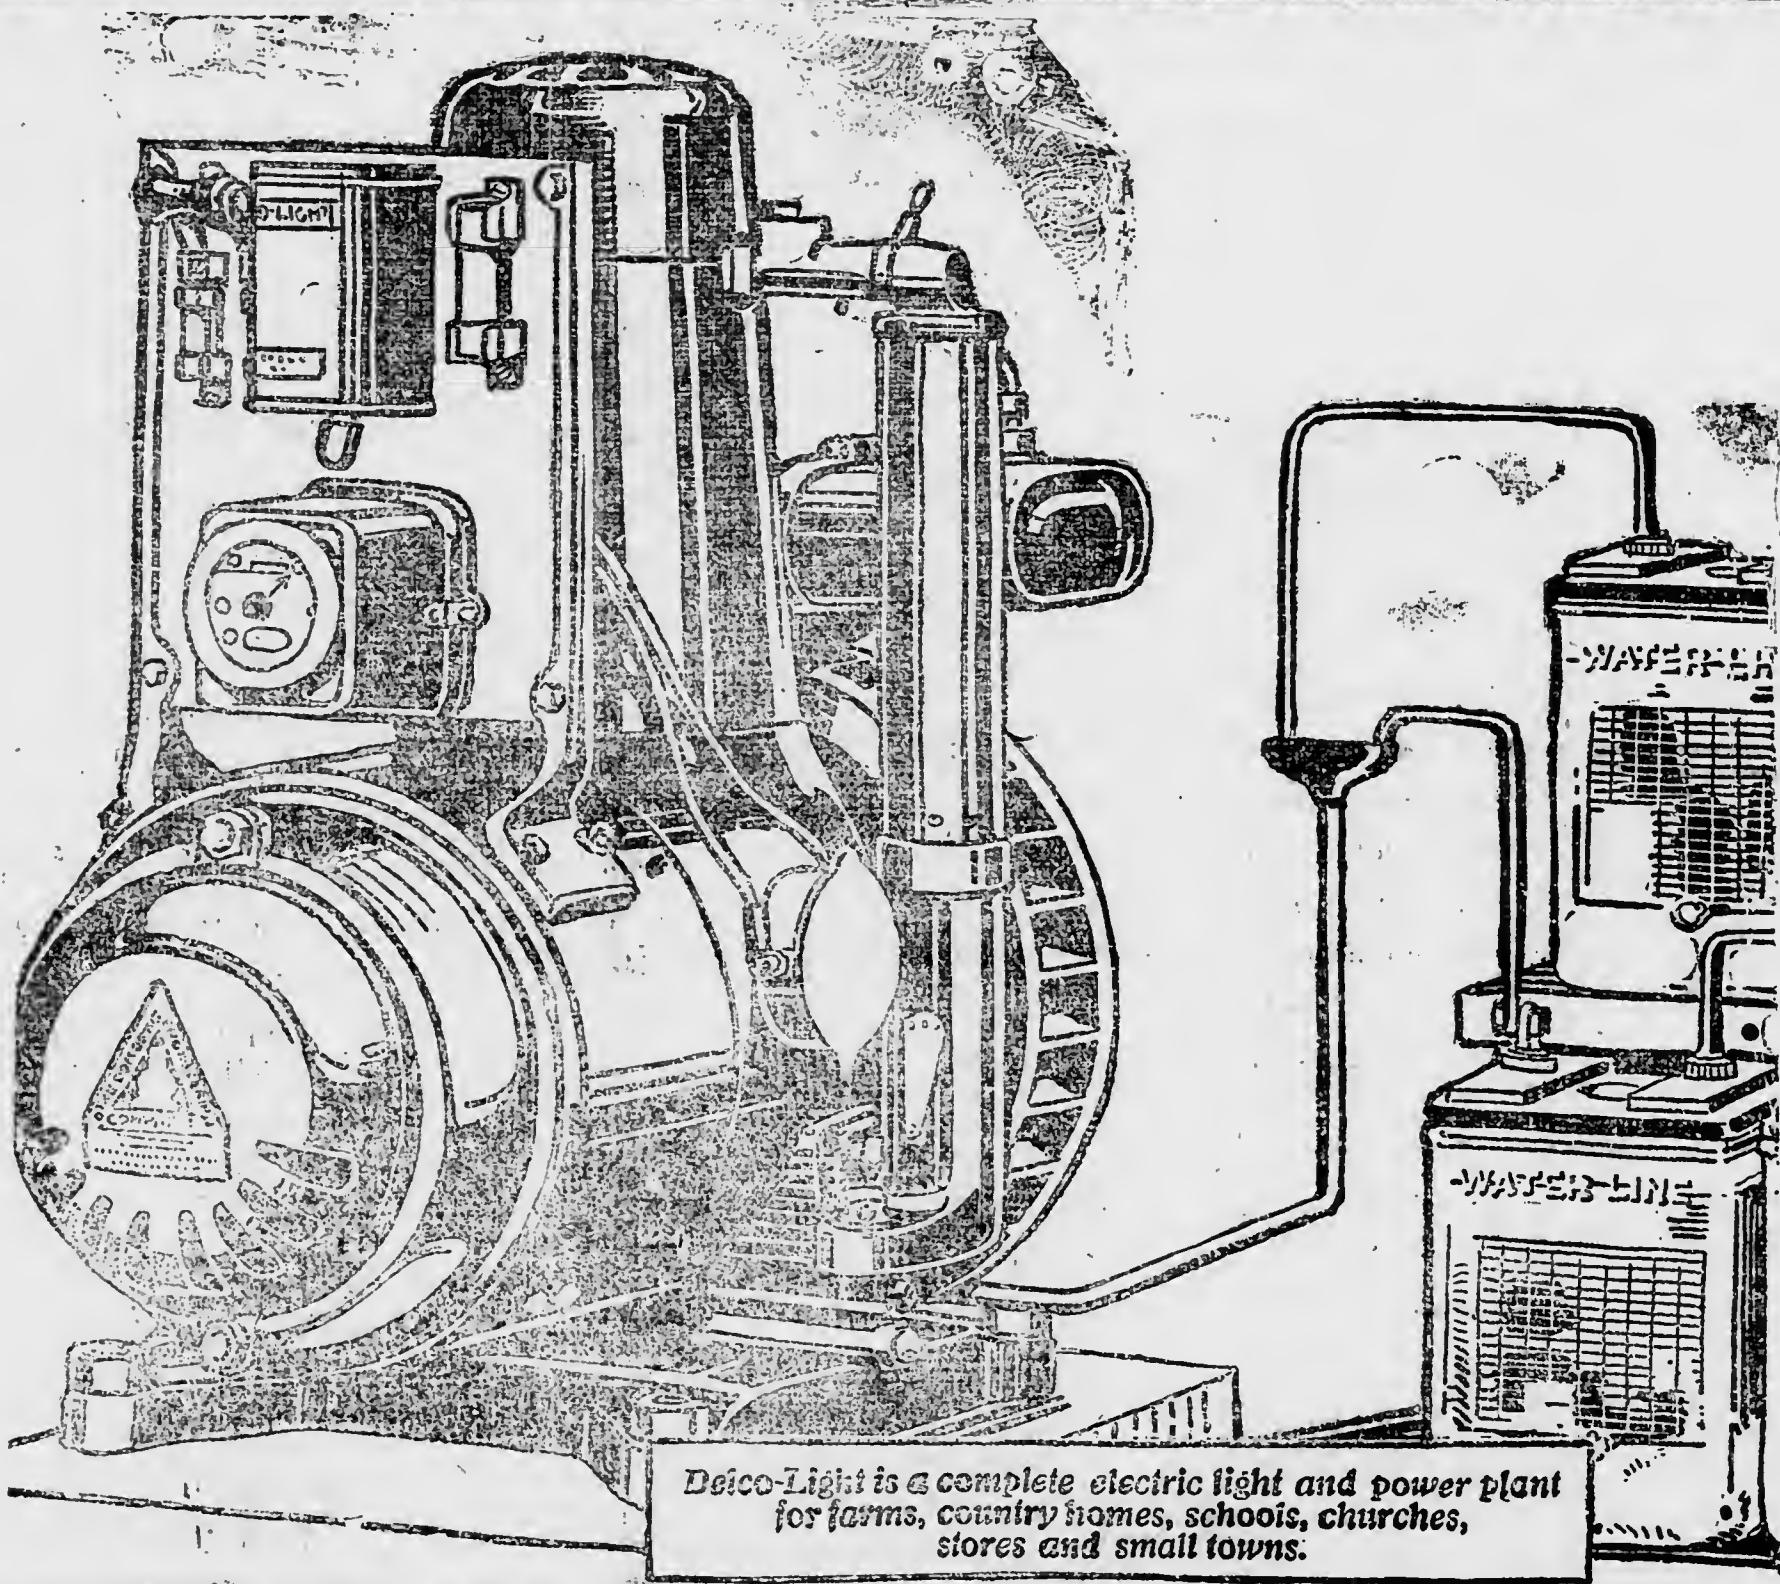

Plumbing

Anything in plumbing, everything in heating will also be found at our new shop. I have been working hard for several years in your town and county, ever striving to do each and every customer honest work for a reasonable price. Often times under handicap, sometimes with hardships, but always with one aim and purpose of sincere and honest service ever trying to fulfil my promises to the best of my ability.

I respectfully solicit your business in plumbing and we will have on the floor in our show room samples of every thing you may want in this line. We will offer our selections for your approval in all the various grades of material from the cheapest to the very best. Our shop will be headquarters for anything in material or installation.

Heating

Hot air furnaces, hot water systems or steam can be properly handled by our heating department. We have a competent force

working at all times in each of the above lines and solicit your plans for bids on any new bidding you have. If you are having trouble with your present system it might be well for you to call us and permit us to help you out.

We specialize in the pipeless furnace—otherwise known as the one pipe furnace which is being used generally in town and country.

Water Systems

If you have a farm light plant and do not have running water, call us at once by phone. I am anxious to show you the best and simplest system known today—absolutely automatic and requires no personal attention after properly installed.

No matter what your troubles are in my line call me up and I will smooth them all out for you.

W. D. OLDHAM & COMPANY'S

January AND Clearance SALE

Starts Saturday, January 10th, and Closes Saturday, January 24th

Our entire stock will be offered in this Clearance Sale at prices that are positively lower than the wholesale prices today of the same goods. Men of experience in the manufacture of various raw materials, such as Cotton Goods, Silks, Etc., tell us that the crest of high prices has not been reached, and with the present high cost of raw materials and labor, the next twelve months will see no relief. So with conditions as they are today you can see that it is to your advantage to buy your needs now. We are going to make this sale the biggest in the history of this store if good merchandise and right prices will do it, and we urge you to be here SATURDAY, January 10th, when thousands of dollars worth of merchandise in all the best goods in every department goes on sale.

PRE-INVENTORY SALE OF ALL WOMEN'S, AND MISSES READY-TO-WEAR APPAREL

Following our usual custom, we make a clean sweep of all merchandise possible so as to invoice a small stock. No garments may be carried over from one season to another, insuring you at all times of receiving the very newest Dame Fashion may produce. To do this we have lost sight of the cost of garments and have made such reductions in our Ladies' and Misses Suits, Coats, Dresses, Skirts, etc., that will insure the closing out of every garment in this department during this sale. As the selections are good now it will pay you to attend this sale during the opening days before the immense stock is broken.

A CLEARANCE SALE OF SHOES

Shoes for Men, Women, and Children. It is a well known fact that we handle the very best brands of shoes for Men and Boys; also the celebrated Queen Quality brand for ladies, and although shoes of all kinds have advanced in price and will be much higher for spring, we are offering our entire stock at reduced prices for this sale. Shoe up now and save money.

PRE-INVENTORY AND CLEARANCE SALE OF MEN'S, BOYS' AND YOUTH'S CLOTHING

We have just received a large delayed shipment of Clothing. These goods were bought for our Fall business owing to circumstances over which the manufacturers had no control, they could not ship them as they promised to do. The shipment comprises all the best things in Men's and Young Men's Suits and Overcoats, and having been contracted for several months ago, the price on them is far below the present market value. These special new Suits and Overcoats, also our entire stock of Clothing have been marked down to make a big clean sweep Clearance Sale. So come and see them now.

The scarcity of merchandise of all kinds and the high prices we are having to pay for goods for our spring business, should make this sale a "New Year's Gift" to all who take advantage of the good things we are offering.

SALE STARTS SATURDAY,
JANUARY 10th; CLOSES SAT-
URDAY, JANUARY 24th

Ford
THE UNIVERSAL CAR

**Buy Now While Deliveries
Are Possible**

Buy your Ford car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bona-fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped into this territory; only so many will be able to get Ford cars. If you would be forehanded and plan ahead, you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

SEVEN STILLS DESTROYED

Six Federal prohibition officers, headed by C. L. Winfrey, returned to Lexington this week from a big moonshine raid in Knott county, where they arrested Sam Riley, James Moore, Nathan Robinson, Roy Thomas and James Nantz and took them to London to jail, after destroying seven stills and approximately 4,500 gallons of beer. The men are all married and Riley, Nantz and Robinson are owners of good mountains farms and men of means.

MARRIAGE LICENSES

**Reducing the cost
of your clothes**

Copyright 1918 Hart Schaffner & Marx

You'd expect us, with costs of fine clothing, to "mark up" instead of down; many merchants believe that the price of merchandise should be based on the cost of replacement, rather than on what was paid for it.

If we followed that policy we certainly wouldn't reduce prices on any of these fine suits and overcoats from Hart Schaffner & Marx.

But many of our goods were delayed; labor delays, weavers' delays, caused very slow deliveries. We're just getting things that we should have had months ago.

We want to sell them now; we're willing, in spite of rising costs, to sell them at a smaller margin of profit than normal. We want our customers to get the benefit of it. We want to make friends for this store. Get yours today.

Boys' suits at reduced prices. Overcoats, neckwear, sweaters. Bring your boys to this store.

Lignite in Syria.

Coal, in the ordinary sense of the word, does not exist in Syria, but there are beds of lignite containing traces of vegetable organisms. The principal beds are in the Mettu; that of Cornaell, which has been worked; and in the district of Izzine, those of Niha and Hailour to the east of Sidon. This is very extensive but shallow and close to the surface. At Izzine amber, yellow and black, is abundant.—Christian Science Monitor.

This is National Thrift Week!

GET INTO THE SPIRIT! Join hands with this wonderful plan for a week of National Thrift. Our government suggests, systematic saving and spending at this time when money is plentiful aid the purchasing power of a dollar at a lower ebb than ever before.

For example: The dollar of today will not purchase the merchandise or service that the dollar of a year ago would command. Experts claim that the peak of high prices has been reached and that the value of a dollar will INCREASE.

This means that your dollar of today may be worth much more in a year from now and your saving will be richly rewarded.

Systematic saving and spending is possible with a good banking connection. Naturally we suggest the oldest bank in Madison
